Daniel Wallace : The New Essential Guide to Characters (Star Wars) before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Essential Guide to Characters (Star Wars):

1 of 1 people found the following review helpful. Great for young children, or adults for nostalgia. By BreezeI bought this because I had it when I was a kid, and lost it a long time ago. It's nostalgic if you had it way back when, but if you are a newer fan and can read you will find there are plot inconsistencies because of the year it was written. It also includes a lot of EU material that is no longer cannon. I will say the artwork is pretty cool to look at if you have a young child that likes Star Wars but can't read yet, this is a great, cheap, buy. Get it used, my copy was in nearly perfect shape. It includes all the "classic" and well known characters your child would recognize from both of the first two trilogies, and the artwork is large and actually well done. 0 of 0 people found the following review helpful. I like this book a lot more than I thought I ... By SuicuneI like this book a lot more than I thought I would. I never owned the first essential guide so I was expecting some bland little paperback but nope. This one has crisp glossy pages and

really nice pictures, which I like a lot. I will say this though, I had no idea Darth Bane wore such a ridiculous looking outfit. lol. The only thing I don't like is I can't tell if there is any kind of order to the characters. You'd think it would be alphabetical or maybe separated by faction, but nope. You get a few B's at the beginning and then get Jar Jar Binks and Grand Admiral Thrawn is all the way in the back. They also have separate articles for Palpatine and Darth Sidious. You'd think they would at least put them next to each other but nope. 0 of 0 people found the following review helpful. Fairly great narrative work considering it was written in 2002 By Rachel S. Could use more detail for minor characters. Fairly great narrative work considering it was written in 2002.

The Star Wars universe is expanding faster than ever before, and *Star Wars: The Essential Guide to Characters* has received an exciting new face-lift with completely updated text and more than a hundred brand new, full-color illustrations by extraordinary new artist Michael Sutfin.
