Lane Walker Foard : The New Parents' Book of Firsts: The Seemingly Insignificant But Truly Astounding Accomplishments of Mom and Dad before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Parents' Book of Firsts: The Seemingly Insignificant But Truly Astounding Accomplishments of Mom and Dad:

10 of 10 people found the following review helpful. Cute, but geared toward VERY new parents, and not applicable to everyone. By Laurel Sunderman I bought this book as a gift for friends of mine who had recently become parents. I bought it for them once their daughter was about 3 months old, and unfortunately, most of the "accomplishments" are geared toward newborns. The book is written to be funny, and it is in spots, but some of the "accomplishments" don't apply to all parents. I suppose this is inevitable, though. It might make for a cute shower gift (along with the "real" gift you buy.) It doesn't stand alone well.

Finally, a keepsake book for new parents, not just their babies -- because Mom and Dad accomplish something new every day, too. Jot down the first time you kept your shirt clean for more than 10 minutes, keep track of the first time

you engaged in saliva-based hygiene, and paste in a memorial photo of yourself as a well-rested person.

About the Author Lane Walker Foard is the creator of the wildly popular Squibnocket Cards.
