Jim Spenser : The Nightmare Never Ends: The Official History of Freddy Krueger and the Nightmare on Elm Street Films before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Nightmare Never Ends: The Official History of Freddy Krueger and the Nightmare on Elm Street Films:

1 of 1 people found the following review helpful. Excellent Nightmare on Elm Street reference / memorabilia. By Michael Gmirkin This is a good reference for Nightmare on Elm Street fans and collectors. It contains both color and BW still photos, lots of trivia and behind the scenes facts, etc. I wish they'd update this and bring into a full-color format with a more modern media-centric look, and add material from New Nightmare and Freddy vs. Jason. As it is, it covers up through Freddy's Dead, the Final Nightmare, and is relatively complete. It's hard to come by, but is great for the completist if you can get your hands on a copy. 0 of 0 people found the following review helpful. Five Stars By lacey8787 Every Freddy fan needs this book! Came in quality it was described in! 1 of 1 people found the following review helpful. Must have for any Freddy Krueger fan. By Customer I bought this book for my boyfriend for his birthday. He's a huge Freddy Krueger fan and knows a lot about the character and the movies. I was so happy that this book taught him a few things about the movies, how they were made and the history of the character. The pictures are great too, even though some of them are in black and white.

The official history of Freddy Krueger and the Nightmare on Elm Street films, written with the cooperation of New Line Cinema. The book includes all the facts and inside information (much of it never revealed anywhere before) that every fan of the world's favorite "Dream Killer" will be "dying" to read about. Photos, charts, diagrams, and memorabilia throughout, plus a 16-page color photo insert.
