**Thomas Dekker : The Noble Spanish Soldier** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Noble Spanish Soldier:

Love this and followed it up with others of this genre and era.1 of 4 people found the following review helpful. A Mistake.By Jim JohnsonArcane, archaic and obscure. I could only get through about a third of the book before I gave up the effort. I am not sure which was the larger mistake; buying, the book, reading as much as I did or, that it was written and published.
