Great for late beginners yet still sounds full By JDDIMII have always loved the Nutcracker Suite and being able to see the sample pages in this book really sold me on it. It is challenging for my daughters that

have been playing piano for about 1 1/2 yrs but not too difficult. It also sounds rich and full even though it is not too difficult. I have enjoyed playing all the songs as well and practicing to get it fast enough. I would highly recommend this piano book for everyone but the very beginners. 1 of 1 people found the following review helpful. gave it away By GMI was looking for simple arrangements I could play on my violin.
