Although where I live we don't have an Air America station, once in while I do stream it on the internet. However, when I saw that this was out I immediately knew I wanted to purchase this CD. I give it 4/5 stars because I really like most of it, but there are some skits that are just okay, and not as outstanding as the rest of them. My favorites include: Ann Coulter in the Green Room (Part 1, 2, and 3), The Oy Yoy Yoy Show, President Bush Drops By, and Wally Ballou at the Airport.I definitely recommend picking up this CD for some sanity in the world of right wing radio.16 of 23 people found the following review helpful. Give it a rest, you haters!By Captain NAl Franken is a satirist and comedian. He's meant to use satire and irony. If you don't like it...too bad! Besides, Al Franken would never tell people to "shut up" or tell them "get outta my studio before I tear you to f**king pieces!" like O'Reilly did.By the way, why do you right-wingers never actually give REASONS for why conservative issues are important? You just put down liberal issues. "Liberalism is a mental disorder" or "Liberals hate America". But I rarely hear conservatives talk about conservative issues. They only blast democratic/liberal ones. Why not actually DEFEND your ideals?By the way...you say that liberals are stealing your money? It's the PRESIDENT and his

ADMINISTRATION who pissed away a huge surplus that was given to the USA by BILL CLINTON...for TAXING THE RICH! So right-wing tactics are screwing the nation and taking the money out of ordinary citizen's pockets. Look at our economy! It sucks! And it's all BUSH'S fault, not Bill's. Now stop hating. Learn to laugh. It won't kill you. 18 of 21 people found the following review helpful. I Want To Hear The Rest Of The Show By D. Thompson This collection of bits was fantastic. I hope more CD's from the show are released. Democrat and Republicans alike will get a kick out of this.

The very best of O'Franken Factor. As heard on the show "Air America".
