Merriam-Webster : The Official Scrabble Players Dictionary, Onyx Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Official Scrabble Players Dictionary, Onyx Edition:

11 of 11 people found the following review helpful. Check price in a few places before you buyBy Sally PiniDictionary met expectations but when I received the book I noticed the preprinted price on the jacket was about half of what I paid. Not happy about paying twice the publishers price. Last time I will trust without checking out price a bit more before I buy.1 of 1 people found the following review helpful. it is a great price and exactly what I was going to findBy cassieMy family loves playing Scrabble, especially over the holidays. While playing this year, we realized that our Scrabble dictionary was very outdated. I didn't to surprise my mom with a new for her birthday and was so surprised when I found this one on ! it is a great price and exactly what I was going to find! my mom loves it!1 of 1 people found the following review helpful. Very helpful referenceBy Good ShopperHaving played Scrabble off and on for years and used opponent's dictionary, I finally decided to get my own. Don't understand why some words are "legal" but it's a good aid for learning new words. For people who really enjoy playing Scrabble, strongly recommend. However, our more favorite word game is KEESDROW which can be played with so many variations and at such varied levels of difficulty that it's wonderful for kids or for adults, or even played by just one person. And it can be played for a few minutes or longer, as desired. We never end a Scrabble game until all the letters are used, but sometimes it's not selected for game time because it can take so long.

Glossy black cover with silver print is the perfect companion for your Onyx Edition Scrabble game!
