Dictionary met expectations but when I received the book I noticed the preprinted price on the jacket was about half of what I paid. Not happy about paying twice the publishers price. Last time I will trust without checking out price a bit more before I buy.

My family loves playing Scrabble, especially over the holidays. While playing this year, we realized that our Scrabble dictionary was very outdated. I didn't to surprise my mom with a new for her birthday and was so surprised when I found this one on ! it is a great price and exactly what I was going to find! my mom loves it!

Having played Scrabble off and on for years and used opponent's dictionary, I finally decided to get my own. Don't understand why some words

are "legal" but it's a good aid for learning new words. For people who really enjoy playing Scrabble, strongly recommend. However, our more favorite word game is KEESDROW which can be played with so many variations and at such varied levels of difficulty that it's wonderful for kids or for adults, or even played by just one person. And it can be played for a few minutes or longer, as desired. We never end a Scrabble game until all the letters are used, but sometimes it's not selected for game time because it can take so long.

New Fourth Edition! Specially designed to meet the standards of the National Association for the Visually Handicapped (NAVH). More than 100,000 playable two- to eight-letter words including 4,000 new entries. Ideal for recreational use. Includes variant spellings for game players in Canada. Endorsed by the National SCRABBLE Association.
