So far, he's fascinated by it, and keeps it by his bedside. I'm working with him on the tougher parts of technique, and I really do think that at this stage, it really is the only book he will need. Highly recommended for beginners and intermediates alike.0 of 0 people found the following review helpful. Very pleased it was everything that the recipient found helpfulBy MS F.Very pleased it

was everything that the recipient found helpful. Also please note that it was the only part of the order that was received by the recipient. The deodorant was never received. Please adjust the account on this matter. 1 of 1 people found the following review helpful. ... it could have been made to understand a little better, but the book itself was very good. By Connie I think it could have been made to understand a little better, but the book itself was very good.....don't think it will be the only book one would need on this subject though.....thank you
