Great music books for the beginner in their first few years of study and practiceBy Michael KillionExcellent beginner books for the violin or viola player in their first or second year. Larry Newman has an entire series of music books for violin, viola and cello that are all excellent for players in their first few years. I would not consider these lesson books, but books to supplement beginner players to learn more popular songs. For my young boys, I have the Don't Fret colored finger guide on their 1/4 and 1/2 violins. Then to help them find the correct notes, I will sometimes use a blue, yellow, pink and green or orange highlighter to color the notes on sheet music. I know it's a learning crutch, but it makes finding and playing the correct note faster and easier....the more positive feedback they get in playing a correct note, the longer they stay with learning music and different musical instruments (I hope). I also like the books because the songs are also easy enough for the beginner player to

start memorizing songs too. Between the cello, violin and viola, I think we own all of them.0 of 0 people found the following review helpful. It is a great method book for teaching many aspects of string pedagogyBy CoastieWe use this book in our school strings program (available for violin, viola and cello). It is a great method book for teaching many aspects of string pedagogy.0 of 0 people found the following review helpful. Fun pieces to learn!By N. AmadorThis book includes a great selection of fun pieces to learn.Highly recommended for the intermediateand early advanced player.Even the pickiest students will find a piece they will like to learn in this book:)

A great second or third year violin book for the advancing elementary or middle school player which includes exercises, solos and duets.
