This book is excellent. The warm ups in the book really work and the students (middle and high school in my case) understand them easily. They are fun, too. There are so many to choose from and if one doesn't work for a particular technique, just try a different one.

useful information and ideas to utilize OriginallyBy CustomerThis book is full of useful information and ideas to utilize Originally, I borrowed it from another director and decided to purchase it for my own reference.0 of 0 people found the following review helpful. Great BookBy Raymund C. VergaraVery great book that is filled with helpful information for choral teachers of all levels.

(Shawnee Press). It will make you think. It will make you laugh. It may change the way you approach your job as a choral director. The Perfect Blend provides an entertaining, yet practical, approach to the voice and to the choir. Over 100 exercises, including photos to explain them, rehearsal and programming tips, vocal health and the aging voice, plus "things they didn't teach you in school." It all adds up to the perfect blend for any choral director.
