The Useless Book of Useless InformationBy Captive Yet FreeI'm editor of the monthly newsletter in the senior complex where I live. This little book provides interesting tidbits. Gift for a friendBy StephanieI skimmed through quickly, as this was a gift, and absolutely love it. I may purchase one for myself. When it was opened by the recipient, he was beyond excited. He loves random information. Thanks!

It doesn't get any more useless than this! The most inconsequential entry yet in the #1 New York Times bestselling series proves that information is overrated. Your life won't be improved by knowing that... ? Frank Sinatra's mother was a convicted felon. ? Bugs Bunny was born in Brooklyn. ? The average American home contains \$90 in loose change. ? It is illegal to use the American flag in advertising. And there's no good reason to also discover... ? Which game show host previously worked as a garbageman. ? Which day of week is the most popular to rob a bank. ? Which millionaire loaned his kidnapped grandson ransom money at 4 percent interest. ? Which country once had a dog for a king.
