I have given my three previous copies to piano students, and just finally bought a copy of my own to keep. The variety is wonderful, and the clear editing simplifies some passages a bit. Every Piano Teacher needs a copy on their shelf. Just beware that an occasional student will need to walk away with your copy and you will have to buy another one. 's delivery service was great - I received this copy very quickly. 2 of 2 people found the following review helpful. absolutely perfect!!!!!! By Customer More than o hope for!!!
