All the songs were in there, just as hoped ...By Jean Marie Walker All the songs were in there, just as hoped, with words to the lyrics and the names of the characters singing each part. Lots of interesting accidentals and rhythmic challenges--definitely not for a beginning pianist (unless the beginner is sufficiently motivated!), but not particularly difficult, either. Moderate difficulty. One irritating thing (to me, at least) is when a note has an accidental in one measure and then is explicitly shown to be back in the initial key

in the next measure (e.g., the song is in C major and there's an E-flat in one measure and then it's shown as E natural in the next). I just find it distracting, but maybe others might find it helpful, I don't know. Also, there are illustrations from the movie and guitar chords included. Not spiral, so a bit difficult to get it to lie flat, but isn't that what Kinko's is for? 0 of 0 people found the following review helpful. Excellent piano book By alwaysastudent Excellent piano book. This book DOES contain River Lullaby, it is a part of Deliver Us (other reviewers may have not read the music), it is not a stand alone piece. 0 of 0 people found the following review helpful.
