David Edgar : The Prisoner's Dilemma before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Prisoner's Dilemma:

1 of 1 people found the following review helpful. Absolutely loved it. By Michael Bonnett Anyone with an interest in politics and has seen this on the stage recognizes this play as an enthralling ethical exploration. Absolutely loved it.

Starting with international peace brokers playing simulation games on a university campus, David Edgar's intensely political play spirals upward and outward to present a situation of real conflict over bloodily unresolvable life-and-death issues.

'The greatest virtue of David Edgar's enthralling new play is that it confronts the kind of intractable ethnic conflict that has blown up in the wake of the Soviet Union's demise.... The good news is that *The Prisoner's Dilemma* is not the mirthless lecture you might have inferred... Edgar's erudition and appetite for major subject-matter have paid off. This must be seen' *Daily Telegraph*; 'David Edgar is one of our few surviving writers of public plays, and *The Prisoner's Dilemma* continues his exploration of the reconfiguration of global politics since the fall of the Berlin Wall... Engrossing...' *Sunday Times*; 'Edgar has valuable things to say about the dangers of America and the West imposing quick-fix solutions - sometimes from 1500 feet in the air' *Independent* About the Author David Edgar is best known for his adaptation of "Nicholas Nickleby" for the RSC (revived in West End, Xmas 2007, Following UK tour), for whom he wrote "Destiny", "Dr. Jekyll and Mr. Hyde", "Pentecost" and "The Prisoner's Dilemma". His plays at the National include "The Shape of the Table", "Entertaining Strangers" with Judi Dench, and "Albert Speer".
