Quotes are less a\$\$-holish, and more annoying. Still worth having to add a few new quips to your smart-a\$\$ repertoire.5 of 5 people found the following review helpful. MehBy LuluThis is not as good as I expected.I bought it to keep on the coffee table, and it isn't the crowd pleaser I thought it would be. Most people just find it boring.0 of 0 people found the following review helpful. Quick LaughBy Bask In My AwesomenessThis book is an entertaining compilation of one liners and sayings that many of us are thinking but few every utter aloud. It's an amusing read while you're in a waiting room, chilling somewhere, etc. It's not something that's in depth but it's a good way to get a quick laugh or kill some time while you wait for something.

Whoever said, "sticks and stones may break your bones, but words will never hurt you" never met an a**hole. You'll also see what happens when practically perfect folks like Walt Disney, Mahatma Ghandi, and Audrey Hepburn lose their cool.So embrace your dark side and get ready to enjoy every over-confident, over-blown, over-the-top a**hole comment you'll ever need.
