It has been fun. 240 songs are on the flash drive. It is a rhythm section playing Jazz Standards. I highly recommend this to anyone trying to get better with other musicians. It is the next best thing to starting your own band.2 of 2 people found the following review helpful. Perfect companion for The Real Book.By B. HowardIf you buy The Real Book, this is a perfect companion purchase. While it doesn't include every song, you'll enjoy playing with the band as you learn and master these common jazz standards.0 of 0 people found the following review helpful. Five StarsBy berge3kGood quality accompaniments. Going to buy EB 2 tracks soon

(Real Book Play-Along). This USB stick includes backing tracks to 240 songs from The Real Book Volume 1 so you can play along with a real rhythm section professionally recorded for these products.
