into your routines, and others are excellent starting points to build on your own comedy! To the reviewer who stated the material was very dated.. I would say this.. Originality is critical.. for me..I love the ideas in this book.. if I see something I like but may not work for my particular audience..its my responsibility to take what the author has provided and tailor it to my character, my style and my audiences.. The author of this book has given me not only full jokes I can immediately work into sets, but stirred my creative juices...given me jumping off points to create material that works for me..this is a great book!0 of 0 people found the following review helpful. Super Book!By flebitnThis book proves that humor does not need to be filled with sexual content, dirty words, or racial in nature. Nice clean fun that has met the test of time!0 of 0 people found the following review helpful. greatBy Rugera really good book.....

This HUGE book of comedy material - written BY a ventriloquist FOR ventriloquists! - is just what the comedy doctor ordered! In its more than TWO HUNDRED pages, you'll find TWENTY-NINE full-length scripts, THIRTY-ONE brief routines, NINETY-NINE short bits, EIGHTY gags and HUNDREDS of one-liners! This is more material than a pro will use in an entire professional career! Tom Ladshaw produced an annual 24 page booklet of comedy material for ventriloquists from 2003 through 2012. Now, for the first time, you can get the entire "Yearbook" collection of material in a single BIG volume! The original material has been re-edited, updated and augmented with even MORE material! And, as a special bonus, ALSO included in this amazing collection of comedy is the complete text of Toms 2008 release, Stop That Heckler! The original eleven booklets consisted of more than 265 pages of comedy material. Now you get all of that and MORE re-formatted into this one LARGE volume! Professional comedy writers charge hundreds of dollars for a single script. Now you can get HOURS of material for just the price of a single fast food meal (assuming you eat \$25.00 worth of fast food at a single meal, you ravenous junk food eater, you!).But seriously....BUY THIS BOOK!
