**Richard Thorud : The Remarkable Saga of Ole and Lena** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Remarkable Saga of Ole and Lena:

0 of 0 people found the following review helpful. Five StarsBy Janis KurthHaving fun reading this book. hard to put down and adds lots of laughs to lunch time at work1 of 1 people found the following review helpful. Three StarsBy Brenda M BryanThis book is OK but not that great.

Everyone's heard of Ole and Lena, of course, as they are the subjects of countless popular jokes. Now in this new, fast-paced book, Mr. Thorud fleshes them out, and raises them to the level of authentic American folk heroes. Follow along as these lovable characters stumble through a series of preposterous (and sometimes disasterous) adventures, to take their rightful places alongside the likes of Paul Bunyan and Huckleberry Finn.

About the Author Richard Thorud is the author and illustrator of this book. He's been an author for most of his life and he's done other things too. For example, after graduating from the University of Minnesota, he pursued a career in research and development at a fortune 500 company, where he amassed more than 50 patents. And as an artist, he has exhibited at such prestigious institutions as the Minneapolis Art Institute and the Walker Art Center. But first he was a writer. He began as a news writer in the U.S. Army, and after that he continued to write freelance for various publications. This includes Viking Magazine, for which he has written feature articles on a variety of topics of interest to Scandinavian-Americans.
