Arnold Schoenberg : The Second String Quartet in F-Sharp Minor: Opus 10 (Norton Critical Scores) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Second String Quartet in F-Sharp Minor: Opus 10 (Norton Critical Scores):

0 of 0 people found the following review helpful. Schoenberg dissected By stevewheel What an interesting series! These Norton Scores not only present the latest definitive editions of scores, but also add much interesting historical and musicological commentary. The Schoenberg String Quartet #2 also has the vocal text to consider. All of it is covered thoroughly. If you're interested in this music, get this item.

Arnold Schoenberg's Second String Quartet revolutionized western art music. For nearly a century, it has inspired composers, scholars, critics, performers, and visual artists. Severine Neff re-creates for her readers the quartet's historical, cultural, and musical background: its introduction of the human voice, its genesis during a personal crisis in the composer's life, the scandal at its premiere, and its endlessly controversial reception, both critical and analytic. This volume includes a newly edited, authoritative score of the quartet, as well as previously unavailable and newly translated texts by Grant Chorley. "Indispensable for understanding one of the central compositions of the twentieth century." Walter Frisch, Columbia University.

About the Author Severine Neff, Ph.D. Princeton, Eugene Falk Distinguished Professor at the University of North Carolina, Chapel Hill, is one of the foremost scholars in Schoenberg studies. She has received research awards from Arnold Schnberg Center, The Andrew W. Mellon Foundation, The Newberry Library, The National Endowment for the Humanities, and The Fulbright Association. She also has published in numerous journals including *Music Theory Spectrum* and has edited or translated several other books on Schoenberg and his music.
