YOU GET 33 PAGES OF INFO MOST OF THEM ABOUT BASIC STRATEGY, WHICH YOU SHOULD ALREADY KNOW PLUS 13PAGES WITH THE WORD NOTES AT THE TOP. THERE IS ALMOST NOTHING TO MAKE NOTES ABOUT, THAT YOU DON'T ALREADY KNOW. I ASSUME LOUIE IS LAUGHING BECAUSE HE MAKES A SUCKER OUT OF ANYONE WHO BUYS THIS "BOOK"0 of 1 people found the following review helpful. Love it!By Aloha L. HuttonI've played blackjack for many years and overall broke even. I knew something was missing in my game. I've read the Sidekick to basic blackjack and was excited to try the strategy out. IT WORKS. I did exactly as instructed and found myself laughing out loud. I spent a week in the casino and walked out a winner!! Love it!! Thank you Louie.1 of 2 people found the following review helpful. Very informativeBy ts697This is a great buy. This book has lots of tips that can make the difference in winning or losing!

Have no fear it's NOT card counting. The author has probably spent more time playing Blackjack and researching strategies than any of the other professional Blackjack players combined. This book is divided into three parts. Part One explains the strategy which will help to make you a winner. Part Two explains my simple money management Part Three is basic Blackjack strategy Plus the added bonus of the finer points.
