Catherine Browne : The Sims 3: World Adventures: Prima Official Game Guide (Prima Official Game Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Sims 3: World Adventures: Prima Official Game Guide (Prima Official Game Guides):

22 of 22 people found the following review helpful. ...and it's got BIGGER PRINT! By J. Johnson
The PROs:- The guide is well laid out and easy to use.- Although it doesn't have an index, the Table of Contents is fairly comprehensive, so it is easy to find what you are looking for.- I enjoy the author's style and dry sense of humor.- Unlike the first Sims 3 game guide, this one is in Large format, and the print is MUCH EASIER for these old eyes to read! They also got rid of the green background in the Tip Boxes, making those actually readable!
The CONs:- Just a

minor quibble (and yes, I know I'm being picky!) - There are still a few questions I couldn't find the answer to. (Such as "What happens if My Sim sleeps in a mummy case?" Or "I know Nectar should be stored in a basement...but does it make a difference what level? For example, since you can go down four levels in a basement, is nectar stored in the lowest level basement better than that stored in one of the upper level basements?")Over all, a very helpful addition to my Sims Prima Game Guide library.
2 of 2 people found the following review helpful. The Sims 3: World Adventures
By John Landon
I bought this book to help me in the more difficult area's in Egypt and China, and so far haven't been misled.
Pro's:If you haven't picked up a copy of the Sims 3 guidebook, then this book will update you with what you've been missing out. Lots of details, ect.
Con's:At the end of the book is "How to build your own tomb" unfortunately it's also filled with miss labels. The cheat used to build the tomb is not correct and so far I haven't been able to find anyway around it or get the game to help me.
3 of 3 people found the following review helpful. The Only Way to Travel
By KnitSim
Learn the secrets of all the tombs, where to shop, and how to make the most of your trips to foreign lands. Catherine Browne's writing is improving. This guide is better organized and easier to use than her guide to Sims3.

Travel: Sims finally see the world in adventure-cations to Egypt, France, and China. Be their travel agent! Danger and Adventure!: Sims dive into tombs on their adventures. Our maps show you where to find treasures and how to avoid tricky traps. Skills: All-new skills like nectar-making and martial arts let you customize your Sims even more. New Relics: Sims can bring home exciting treasure from their travels. Complete relic collections boost your Sims moods!
Sims 3 Basics: This section will teach you the Sims 3 basics you need to know to start your first world adventure.
