(Beginning Piano Solo Play-Along). The Beginning Piano Solo Play-Along series is designed for pianists ready to play their first solo. Each volume comes with a CD of orchestrated arrangements. The music in this book matches these recorded orchestrations, and is carefully arranged for beginning pianists. There are two tracks: a full performance track for listening and practice, plus a separate backing track which lets you be the soloist! The CD is playable on any CD player, and is also enhanced so Mac and PC users can adjust the recording to any tempo without changing the

pitch. This volume features 8 songs from the beloved Rodgers Hammerstein masterpiece: Climb Ev'ry Mountain * Do-Re-Mi * Edelweiss * The Lonely Goatherd * Maria * My Favorite Things * Sixteen Going on Seventeen * So Long, Farewell.
