From Hal Leonard : The Sound of Music, Cello Edition (Play Along Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Sound of Music, Cello Edition (Play Along Books):

1 of 1 people found the following review helpful. Not just for piano By CustomerGot this for my daughter - she's had lessons for almost two years (but is only 7 1/2). As written, it's a little too hard for her on the piano, but she can easily play the melody line. She surprised me by using it more for singing. She loved that she had all the words to her favorite songs and has carried it all over the place to sing. She also loves when I play the pieces and she can sing along. Because it's very easy for me, it requires no practice and has been a fun mother/daughter thing to do. 1 of 1 people found the following review helpful. Scores on this book is way too easy. By El Tio Calambres I bought this book for my son. The score on this book is so simple and occupies too much paper. Let me see, the song: "So Long

Farewell" is not very long, but it took five sheets to finish. These are simple as you can get for piano playing. On the Alfred's books, this song would probably fill one sheet only. Too much page turning for me. Music is great though. However, they screwed on that too. There are notes that do not belong and you find yourself re-writing some of the scores. I'd like to trade for one that is better written. 4 of 4 people found the following review helpful. Easy playing By J. This booklet is wonderful for beginners; unfortunately, for players who are intermediates or experts, it's somewhat boring. Only the simplest notes are given; no flourishes, trills, or optional notes.

(Instrumental Play-Along). 9 songs with online audio accompaniments so instrumentalists can play along with a real band. Songs include: Climb Ev'ry Mountain * Do-Re-Mi * Edelweiss * The Lonely Goatherd * Maria * My Favorite Things * Sixteen Going on Seventeen * So Long, Farewell * The Sound of Music.

About the Author Founded in 1947, Hal Leonard Corporation has become the world's largest print music publisher, representing some of the greatest songwriters and artists of all time.
