The most fun arrangements of this book was printed as early intermediate ...By Jenny Lucas This book is a simplified, shorter version of an earlier duet book that really isn't late intermediate. I'd say this is early intermediate/intermediate. Definitely not that challenging. The most fun arrangements of this book was printed as early intermediate piano duets, but is actually harder than that. Maybe that's why they redid the book. I found an older copy at a used book store. The ISBN is 0-7935-1865-2. That edition is delightful and challenging. Each song is about 6-12 pages long. My favorite is The Lonely Goatherd. A blast to play!! 0 of 0 people found the following review helpful. Lovely music By Emmeline Nice arrangements, I played a Do-

re-mi with one of my students, who's in 5th grade. We played just the first 2 pages. Most of the songs were too hard for recital for her, something she could grow into. The songs arrangements are so beautiful that she would not choose another song. It's always encouraging that when you work hard on a piece, that the results are worth it. 1 of 1 people found the following review helpful. Not real difficult, but not beginner easy By Jan My friend and I played duets as teenagers and hadn't played since then. I wouldn't call this book intermediate; I'd say it's upper beginner, if there is such a thing! We used to be very, very good. We're in our mid 60s now, so it's been a while. We had so much fun with these songs though!! I do recommend this book, just wanted to say that it's not intermediate difficulty.

(Duet Piano Education). 10 piano duet arrangements for late intermediate-level students as arranged for Williamson Music by David Carr Glover, including: Climb Ev'ry Mountain * Do-Re-Mi * Edelweiss * The Lonely Goatherd * Maria * My Favorite Things * An Ordinary Couple * Sixteen Going on Seventeen * So Long, Farewell * The Sound of Music.
