I've often wished for a book of piano arrangements from Sound of Music that were more than just the basic tunes. This is it! I already love Phillip Keveren arrangements, having attended a piano teachers' workshop he gave locally. So when I saw that he had written a book of SoM arrangements, it went to the top of my Christmas list. I love these! They're a bit challenging without being Chopin-difficult -- I could sightread most although I would need to work on them a bit before performing them. All of the main songs are included, and even one ("An Ordinary Couple") from the stage play, but not the movie. Just love this book. 8 of 8 people found the following review helpful. Nice arrangements By WhitNice arrangements. Mostly

arpeggio chords. Only complaint: no lyrics. I would have liked the lyrics. 2 of 2 people found the following review helpful. Beautiful arrangements By Paula Piano Phillip Keveren arranges beautifully for piano. These are late intermediate to early advanced arrangements.
