Encompassing CollectionBy Emily Henry While this collection doesn't have every song that I would want to own it does include music from every show (That has lyrics) and as far as I can tell this is the best sheet music collection for Sondheim so far. They are organized by Title of show. I'd prefer that they were ordered by Chronological Order of Shows written The Songs in the collection Anyone Can Whistle1) Anyone Can Whistle2) Everybody Says Don't3) With So Little to Be Sure of Assassins4) The Ballad of Booth5) The Ballad of Czolgosz Company6) The Little Things You Do Together7) Sorry-Grateful8) Another Hundred People9) The

I like how it has a smattering of both new and older works, and the printing is nicely done on high quality paper. My only minor gripe is that the binding makes it tough to keep open on a music stand, but that's a gripe I have with almost all the music books I own. Definitely glad I purchased this one!

By Patrick Cheek I love Sondheim but I really only bought this book for a few songs in particular that I hadn't been able to find anywhere else. Some of the arrangements are well done but there are a few that I've found much better versions of in other books. Overall it's still a good book to add to your repertoire if you're a musical theatre fan, especially if you're a singer.

(P/V/G Composer Collection). The first definitive collection of Sondheim's songs.
