**Preston Stedman : The Symphony (2nd Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Symphony (2nd Edition):

0 of 0 people found the following review helpful. The writing in this is very dry, and a ...By AlphaThe writing in this is very dry, and a bit hard to hold concentration with while reading. The author is somewhat repetitive throughout the book. However, there were many things in the material that I could not have discovered on my own, so the author's analysis helped throughout the duration of the course.0 of 0 people found the following review helpful. Five StarsBy carolinaGreat book0 of 1 people found the following review helpful. Five StarsBy TAMMY CUNNINGHAMlove it

This comprehensive reference delivers a chronological history of the symphony with an emphasis on musical style. It

takes the reader on a musical journey from the preclassical period to contemporary time, punctuated with specific examples by all major composers from Corelli to Riegger. Everyone from orchestral conductors to concert goers and music critics should make room in their libraries for this all-new guide.
