Thanks2 of 2 people found the following review helpful. A refreshing knowledge check of Elvis history.By A CustomerA must read for Elvis fans. Good book for guest room or lavatory. Particularly refreshing to see photographs less frequently published. But, who are all those female companions unnamed? A mystery not revealed by the authors. A good balance between challenge wihtout frustration -- just right for recreation. Pictures so homespunly done like in the word pictures on pages 56 57 that you could have done it yourself. What could be more comforting! Good sprinkling of information involving other artists and their interaction/involvement with Elvis. So for those who are interested in other star struck talents may find their interest tweaked by some of the tidbits tantalizingly documented in "The ELVIS Quiz Book" for the ultimate Elvis fan. Anyone with a loss of memory involving titles of songs with many memorable phrases will just love the "incorrect titles" section -- a chance to see, to unscramble your own memories of those immemorial memorable Elvis songs. Again, just who is that female companion of 1957? She is a real winner. In summary a ROCKING publication
