**Joseph J Tuttle : The Ultimate Guide To Handicapping The Horses: From A Horseman And A Gambler (Revised)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ultimate Guide To Handicapping The Horses: From A Horseman And A Gambler (Revised):

6 of 10 people found the following review helpful. requires lots of professional helpBy mariehr64This book needs a professional horseplayer to review it for accuracy. Then it requires an editor. The writing and math are poor. An

example is on page 100. He combines a pick 4 with the last race of that series to guarantee making a profit. The 3-1 selection he showcases works profitably, but when I tried the horse at 9-2 odds, he lost money (at least with my math). So much for guarantees. I believe Tuttle is experienced, but has a difficult time getting some points across. BTW - I wish there were more points of interest to make winning plays. He should also try to write less "formally" and more like regular people "talk". His style is close to irritating. It's better than a 1 star, but not quite a 3. Good luck.

3 of 9 people found the following review helpful. 5 Stars all the way!!!  
By Erin P. Walsh  
I found this book to be extremely informative on many different levels. I purchased this book along with "The Tuttle Way", and I must say: The "Angles" chapter in The Ultimate Guide, and the use of Sabermetrics as an advanced way to determine actual "class" of each individual horse is absolutely 100% pure genius!!!! A year ago I didn't know anything about handicapping. Now, I feel as though I'm on my way to greatness. I've already entered (and done quite well I might add) a few handicapping contests and I can honestly attribute all of my recent successes to Mr. Joseph J Tuttle. FIVE STARS ALL THE WAY!!!

By Anthony Quinzio  
I have been in the game for over 25 years and this book was a complete waste of money. the author is pretty high on himself and writes like he's looking down on the people who buy his book. He also thinks everybody should have a \$ 7,000 bankroll, not every body plays the game on a serious note. He also gave few angles to work with pertaining to handicapping.

Recently revised from the Mid-February edition as of 11/01/08. I've made a very concerted effort to try and incorporate as much pertinent horsemanship knowledge into the chapters; as a way to better serve the novice; average, or below average horseplayer. I truly believe that after reading this book, you will immediately come away with a better sense of yourself (as a horseplayer), and will soon realize where exactly it is you want to be as a horseplayer. Or, you might have a wonderful epiphany and realize that maybe you too can become a more successful horseplayer. Maybe, a "professional"! I must admit that if you're taking yourself at all seriously, you are also going to need my newest horse handicapping book... "The Tuttle Way" or "The Tuttle Way II". are a bit more advanced, and it can only help further your development as a Horseplayer.

About the Author  
Hello, my name (real name) is Joseph J Tuttle. I've always loved the idea of pseudonyms, and I employ them as "odes" to friends relatives. I'm the proud author of 23 horse and/or sports handicapping books. **DISCLAIMER:** I'm NOT a professional writer! I have been a professional handicapper for over 15 years. I would strongly suggest that you utilize the "Look Inside" feature, or view my writing style @ <http://tuttlerules.com>, that is my official blog site. My teachings work, and I'm only trying to help others learn how to Win!
