Various : The University Challenge Quiz Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The University Challenge Quiz Book:

0 of 0 people found the following review helpful. The questions are great and challengingBy a2020Surprisingly this book doesn't feel outdated. The questions are great and challenging, arranged in the format of the show with starters and bonus questions (that, fair warning, often have nothing to do with the starter question--just like on the show). I do miss the picture and music questions, but I suppose I could make my own!We actually use this to play trivial pursuit. My kindergartner gets bored and antsy when the adults get too many questions right in a row, so her father and I ask each other questions from this book and it ensures we don't have more than a 2 or 3 question streak right! I've started color coding the questions and also writing at the top of the page what page the corresponding answers are. It would be great to find questions of this caliber already coded for trivial pursuit, but until then, it's goodbye from me. Goodbye!0 of 0 people found the following review helpful. Five StarsBy Richard FogliaA+2 of 2 people found the following

review helpful. The University Challenge Quiz Book By [hideovideo](#) This book offers a good collection of Quiz from BBC's popular quiz show University Challenge. It has no illustrations. No additional information. Just a bunch of quiz, which represents a standard of modern day academic quiz on TV. Personally, it is a very useful book for I am preparing an international quiz show for Japanese TV, as a producer. For those who have no interest in quiz, the book is as boring as a telephone book.

For almost 50 years, University Challenge has served as a bastion of general knowledge, regularly testing our finest young minds with a dizzying array of subjects. Now - if you think you're up to the challenge - you can pit your own wits against the trickiest quiz around. With over 3,500 challenging quiz questions, The University Challenge Quiz Book will probe the murkiest corners of your intellect. Leaving no stone unturned, in-depth questions cover every aspect of history, science, language, economics, culture and more, and will put even the hardest quiz veteran through their paces. With games to play either on your own or in teams (no conferring), here is a collection to challenge, surprise and stimulate - from your first starter for ten to the final gong. Come on, come on!

"The toughest quiz book ever created" * The Sun *
