**Bob Sehlinger : The Unofficial Guide to Las Vegas 2014** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Unofficial Guide to Las Vegas 2014:

3 of 3 people found the following review helpful. BY FAR the best Las Vegas travel guide out there By catzindogz This series is the king of travel guides, not just for LV but for anywhere they publish. Extremely in depth on every category. EVERY hotel is reviewed, including those without casinos. This is saying something in a city with over 125

casino hotels alone. There are dozens of restaurants reviewed and discussed, plus several pages devoted to the various buffets. Want to catch a show, visit a nightclub, find the best bar scene or even something so pedestrian as going shopping? No problem, The Unofficial Guide will tell you although you might have to consult the index because it's over 500 pages long.. That's not a knock, just an indication of how comprehensive this tome truly is. Would be a great book to have on Kindle so you don't have to carry it everywhere with you2 of 2 people found the following review helpful. Great for the NoviceBy 4LifeThis was a great book when my husband and I were "beginners" in vacationing in Las Vegas. It still provides a lot of insightful information on hotels, dining, and entertainment but is a little novice for us now that we are well-traveled repeat visitors. If you want general information on Las Vegas this is a great place to start!10 of 10 people found the following review helpful. Excellent InformationBy Dan DWe'll be in Las Vegas in early November. We're staying at the MGM because of a conference. While we are Las Vegas veterans, we still need to keep up with all the new things that have taken place. We like to keep up with the best restaurants, and this book has provided some insight and what to expect. This book is very comprehensive, and I would recommend it to anyone, whether you're a veteran of Las Vegas or you're a newbie. We'll be staying for about a week, and we're making lists of restaurants to try and places of interest, especially the shows. It's well worth the price.

Nevada should make The Unofficial Guide to Las Vegas the official guide to Vegas because there is not a better one. With insightful writing, up-to-date reviews of major attractions, and a lot of "local" knowledge, this book has it all. Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum, The Unofficial Guide to Las Vegas digs deeper and offers more than can any single author. This is the only guide that explains how Las Vegas works and how to use that knowledge to make every minute and every dollar of your time there count. With advice that is direct, prescriptive, and detailed, it takes out the guesswork. Eclipsing the usual list of choices, it unambiguously rates and ranks everything from hotels, restaurants, and attractions to rental car companies. With The Unofficial Guide to Las Vegas, you know what's available in every category, from the best to the worst. It is the one guide that will put you in the driver's seat. The reader will also find the sections about the history of the town and the chapters on gambling fascinating. Every gambler should be required to read this book cover to cover before they spend a vacation contributing to the casinos all the money that it takes to run all those flashing lights. In truth, The Unofficial Guide to Las Vegas emphasizes how to have fun and understand the crazy environment that is today's Vegas. It's a keeper.

"If you're looking for a reliable guidebook, the leader is the Unofficial series."--The Mail (London)"A Tourist's Best Friend!"--Chicago Sun-Times"Indispensable"--The New York Times
