Bob Sehlinger : The Unofficial Guide to Las Vegas 2017 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Unofficial Guide to Las Vegas 2017:

0 of 0 people found the following review helpful. Only LV book I have, and filled the needBy G. M. MatthewsGot this because the Kindle version I had was a few years old, and no Kindle version of the newer release was available. Honestly, there was little changed from the older release, and I never even finish the new print copy. I'd already re-read the Kindle version I had bought before, I checked out a few sections in the new book, and didn't feel like there

was much/enough new to warrant reading any of it again. If you don't have an earlier version, then it's highly recommended. Lots of really good insight into LV. Take review points with a grain of salt. We stayed at Bellagio, and my wife used the spa. She really loved it. The book makes it sound their Spa isn't the best. Maybe not, but it was great for us. But on a relative basis, I think the guide gives good insight and help make decisions on where to spend your time. 2 of 2 people found the following review helpful. I love the Unofficial Guide series. I've been to Las Vegas a few times before, but this guide helped me to get some additional pointers that I hadn't been aware of, such as additional attractions, good places to park, and how to use the Las Vegas Monorail. I also found the section of tipping etiquette to be very helpful as well since I never know what is the right amount to tip for things in Vegas. Our trip was a success with these extra pointers! 2 of 2 people found the following review helpful. Great tool for planning your Vegas trip. By T. Ingram I bought this book for a trip to Vegas last December. We found much of this book very helpful. I loved that I was able to book our hotel and buy our tickets to shows with confidence, even though we knew nothing about Vegas first hand. We had a great vacation (and we don't gamble) largely due to the tips used from this book.

With insightful writing, up-to-date reviews of major attractions, and a lot of "local" knowledge, The Unofficial Guide to Las Vegas has it all. Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum, The Unofficial Guide to Las Vegas digs deeper and offers more than can any single author. This is the only guide that explains how Las Vegas works and how to use that knowledge to make every minute and every dollar of your time there count. With advice that is direct, prescriptive, and detailed, it takes out the guesswork. Eclipsing the usual list of choices, it unambiguously rates and ranks everything from hotels, restaurants, and attractions to rental car companies. With The Unofficial Guide to Las Vegas, you know what's available in every category, from the best to the worst. The reader will also find the sections about the history of the town and the chapters on gambling fascinating. In truth, The Unofficial Guide to Las Vegas by Bob Sehlinger emphasizes how to have fun and understand the crazy environment that is today's Vegas. It's a keeper.

"Best bet: The Unofficial Guide to Las Vegas 2016 by Bob Sehlinger - easier to use than the official website and more informative."--Elaine Warner, 405 Magazine
