Great music song books for beginning players of all ages in their first few years of study and practice By Michael Killion Excellent beginner books for the violin or viola player in their first or second year. Larry Newman has an entire series of music books for violin, viola and cello that are all excellent for players in their first few years. I would not consider these lesson books, but books to supplement beginner players to learn more popular songs. For my young boys, I have the Don't Fret colored finger guide on their 1/4 and 1/2 violins. Then to help them find the correct notes, I will sometimes use a blue, yellow, pink and green or orange highlighter to color the notes on sheet music. I know it's a learning crutch, but it makes finding and playing the correct note faster and easier....the more positive feedback they get in playing a correct note, the longer they stay with learning music and different musical instruments (I hope). I also like the books because the songs are also easy enough for the

beginner player to start memorizing songs too. Between the cello, violin and viola, I think we own all of them. 0 of 0 people found the following review helpful. One of my favorite beginning violin books! By Customer My students really enjoy this book! The titles of each little song is funny and makes the learning so much nicer! In the notes are great big letters with the name of the note inside them. It makes learning Violin so much more friendly. Especially when they need something to make them comfortable right at the beginning ! 0 of 0 people found the following review helpful.
