**Dana Gooley : The Virtuoso Liszt (New Perspectives in Music History and Criticism)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Virtuoso Liszt (New Perspectives in Music History and Criticism):

How does Franz Liszt's career compare when viewed from the perspective of European cultural history? This book examines how Liszt's contemporaries perceived and interpreted his significance. Dana Gooley explains why the cultural context of his concert career contributed to his unprecedented popularity and focuses on controversies provoked by Liszt in the press. Gooley includes many new insights about his highly original performing style.

"Gooley uses a huge quantity of contemporaneous reviews, comments, and public relations along with more recent accounts, with the goal of illuminating Liszt's changing public persona...fresh and thought-provoking."

CHOICE"engaging...a responsible piece of historical and interpretative writing, a valuable contribution to our understanding of Liszt and the forces that made his remarkable career possible." - Times Literary Supplement"The Virtuoso Liszt serves as the needed corrective to the traditional one-dimensional narrative about Liszt's virtuoso years, and it is eminently readable. Through carefully chosen, heavily documented, and sagely interpreted case studies, Dana Gooley has opened windows for our understanding not only of Liszt, but also of the times and places in which he worked." --Journal of the American Musicological Society

About the Author Dana Gooley is Assistant Professor of Music at the Case Western Reserve University, Ohio. He has presented numerous papers on virtuosity and on issues of gender and music, and has published in the journals *19th Century Music* and the *Journal of the American Liszt Society*. Dana Gooley is also an accomplished pianist who plays in jazz clubs and concert halls around the world.
