H.G. Wells : The War of the Worlds - 50th Anniversary Production before purchasing it in order to gage whether or not it would be worth my time, and all praised The War of the Worlds - 50th Anniversary Production:

The War of the World's 50th Anniversary Production honors The Power of Radio. It also pays tribute to that original broadcast-to its sense of humor and its crafty simulation of media, military and government people trying to cope with an unfolding emergency In this new production we listen to these same people though the media of our time, while keping the dramatic rhythms of the historic original intact.
