DJ Ape : The Way of Samurai 120 Samurai All new Sudoku puzzles before purchasing it in order to gage whether or not it would be worth my time, and all praised The Way of Samurai 120 Samurai All new Sudoku puzzles:

8 of 8 people found the following review helpful. Consistency plus By intaBook Four of the Samurai variety. Still going strong, with increasing levels of difficulty for gaining confidence, or for whatever mood you are in. Plus lots of extras in samurai variants, especially the whacky jigsaw...20 of those. I'm particularly taken with non-consecutive at the moment, but take your pick from six other variants. Djape has cemented his reputation for well set out puzzles on good quality paper, with excellent tips and explanations. Logic is the only answer. There is no guessing required in any of Djape's puzzles. 1 of 1 people found the following review helpful. I love Samurai Sudoku By Cynthia A. Brown For me a puzzle has to be hard enough to be interesting but not so hard that it's almost impossible. These really fill the bill. The interplay between the different sub-puzzles is really fun and introduces a new element not found in regular sudoku. The book has levels of puzzle difficulty; I like to work one of each level in sequence so I get some variety. The puzzles are solvable using reasonable methods (no "X-wings" and similar, for most of his books). They

are a good mental workout. Overall I highly recommend these to anyone who likes Sudoku. 1 of 1 people found the following review helpful. Great Sodoku Book By Rperry38I got my wife hooked on Sodoku a couple of years ago. Now she is addicted to it. She loved this book and will buy another as soon as it is available.

Fourth book in the Samurai Sudoku series by Djape. ALL PUZZLES in this book are NEW, previously unpublished. This time you get many variants of Samurai Sudoku: 50 Classic Samurai 20 Jigsaw Samurai 15 Samurai Sudoku in different sizes 10 Diagonal Samurai X 5 Samurai Straights 5 Odd/Even Samurai 5 Non-Consecutive Samurai 5 Consecutive Samurai 5 Hyper Samurai Samurai Sudoku puzzles by DJAPE appear weekly in The Washington Post and in The Washington Express newspapers.

About the Author DJAPE is the author of over 30 puzzle books, ranging from Sudoku variants such as Killer Sudoku and Samurai Sudoku to Hidoku, CalcuDoku and Picross/Hanjie/Griddlers/Nonograms puzzles. Also, Djape contributes regularly to newspapers and magazines across the globe, including The Washington Post. Currently Djape is working on his PhD thesis in Computer Science. Likes sailing, playing bridge and travelling.
