Will even try new variants with him, when other authors have left me lukewarm (eg hitori). These puzzles have SOUL! Am putting in a new order now as I've finished all the ones I have. Have discovered zeros (I like it when he puts a few newbies into the mix) and after thinking I'd finally over stepped my match, am loving them. Strong encouragement to produce more of these and also my faves - the samurai killer jigsaws. Great paper quality, always new surprises in patterning and emerging strategies. Will only do other authors now when I've run out and am desperate. Thanks DJape. My addiction is being well fed.1 of 1 people found the following review helpful. 105 SamauraiBy 1 CustomerKeeping my brain cells alive and active. I need more erasers and pencils, I guess I'll have to start buying them by the dozen.1 of 1 people found the following review helpful. These

are great sudoku puzzlesBy R. HutchinsonThese are great sudoku puzzles. Not difficult, challenging puzzles but not the easy ones either. Kinda middle of the road type puzzles that make you think but always allow you to finish.

Third book in the Samurai Sudoku series by Djape. ALL PUZZLES in this book are NEW, previously unpublished. Similarly to volume 1, this volume contains 80 classic Samurai Sudoku puzzles plus 20 diagonal (Samurai X) puzzles. The final 5 puzzles are a surprise! Samurai Sudoku puzzles by DJAPE appear weekly in The Washington Post and in The Washington Express newspapers.
