**Johann Sebastian Bach : The Well-Tempered Clavier: 48 Preludes and Fugues, Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Well-Tempered Clavier: 48 Preludes and Fugues, Vol. 1:

19 of 19 people found the following review helpful. great edition, awful printBy esseyI love Bischoff's editions of Bach but this particular printing is awful. The ink is light and the paper is thin and cheap. It really looks like it was photocopied: the print is fuzzy overall, the fingerings are difficult to read, the bars on numerous 16th and 32nd notes are fused together, there are sporadic dots some of which look like staccatos, and the stems of several notes are shorten severely for no reason. Bischoff states "the original ties which Bach wrote appear in darker type than the phrasing indications of the editor" however since the print is so bad, you can't tell which ties are darker.0 of 0 people found the following review helpful. Three StarsBy Barbara AtlantaNot helpful fingerings.1 of 1 people found the following

review helpful. LovelyBy KarbearLooks like the description given and everything is easy to read. Love the pieces in this book! I also bought the second volume.

This edition of the 48 preludes and fugues, Volume I for piano was edited by the noted Bach expert Dr. Hans Bischoff. It includes a table of embellishments and a preface from Dr. Bischoff. It was re-engraved by Warner Bros. Publications in 1999. KALMUS EDITIONS are primarily reprints of urtext editions, reasonably priced and readily available.
