Doug Lansky : The World's Best Simple Bar Tricks before purchasing it in order to gauge whether or not it would be worth my time, and all praised The World's Best Simple Bar Tricks:

0 of 0 people found the following review helpful. Four Stars By Charlesfunny17 of 18 people found the following review helpful. Preview a copy before buying By tropic_of_criticism There is a point where simplicity converts to banality, and this book treads that line a little too closely for my tastes. Those new to bar culture may find something to wonder over here, but anyone interested in magic probably won't. Having said that, I disagree, slightly, with others who've gone so far as to say that the book--and especially its cover--are misleading. The cover describes the tricks as "idiot-proof", and they are. The tricks are well-illustrated and competently explained. As the cover claims, you will learn how to pass a dollar bill through a lemon, and make a coin walk across the table. To be sure, there's nothing in the book that will teach you how to create the image of a levitating olive as depicted on the cover, but the cover is basically honest. If it oversells the book at all, it does so when it claims the tricks will "amaze" friends. It's best to say, as the back cover points out, that the tricks will help smooth over awkward conversational moments. Because of the lack of anything truly breathtaking, or even much that's subtle, this book is best previewed at a local library before purchase. It's probably not a smart impulse buy. 0 of 0 people found the following review helpful. Bar Magic By MagicmanKnew most of them already but it's a great compilation. I recommend this to anyone looking to learn some very devious bar beta and tricks.

Have a blast with bar tricks that can keep the party going for hours! Join in the fun by learning the secret of the "healed" broken matchstick...the mysteriously moving cigarette...the miraculous liquid handcuffs...and the "can-you-line-them-up?" three-glass challenge. Here are 50 entertaining and exceptionally easy illusions, brain benders, games, gimmicks, and unnatural phenomena that require little or no physical skill to perform. Whenever conversation fizzles, the food runs out, or boredom threatens to set in, you can get the good times rolling. All you need are items at hand like coins, glasses, and a napkin...Plus the exciting insider information you'll find in this, the biggest, most entertaining guide to bar tricks anywhere...for great fun anytime! Each and every bar trick is... Fully illustrated Risk-free and safe

Great entertainment for club nights, parties, outings, sporting events
