Noel Botham : The World's Greatest Book of Useless Information: If You Thought You Knew All the Things You Didn't Need to Know - Think Again before purchasing it in order to gage whether or not it would be worth my time, and all praised The World's Greatest Book of Useless Information: If You Thought You Knew All the Things You Didn't Need to Know - Think Again:

2 of 2 people found the following review helpful. Casual readingBy NalabudBought this because my husband was going to be laid up for quite some time following a surgical procedure, so I figured that having some casual reading material might help keep his mind off of his long recovery time. There is no need for me to read it myself though, because I believe that he has now told me all of the useless information that I never knew about!He has enjoyed reading this book.....makes for good casual reading material that you can pick up put down at any time.1 of 1 people found the following review helpful. good book, bad conditionBy janet bThe book is a good one, but came with a thick, black marker line along the bottom as if it had been bought at a discount shop. It also had some pages bent at the corner. As it is a gift and I have no time to replace it I have to keep it, but hate the fact that my friend will think I bought it cheaply.0 of 0 people found the following review helpful. Hilarious and fun, makes a great gift!By love bootsThis is the best gift for someone when you don't know what else to give them! I gave this to our friend who know just enough about everything and now he comes around quoting a bunch of useless information. He loved it as well.

From the creators of the #1 New York Times bestseller The Book of Useless Information-a collection of even greater insignificance.More useless than ever before! Impress know-it-all friends with this all-new hodgepodge of frivolous facts and silly statistics that no one really needs to know. But honestly, how cool is it to find out that... ? There is a place in Maryland called Monkey's Eyebrow ? Giving yellow flowers is a sign of bad luck in Russia ? One brow wrinkle is the result of 200,000 frowns ? Paper can be made from asparagus This is the book that will also tell you... ? The meaning of 'mageirocophobia' ? Where it is illegal to kill a butterfly ? Huckleberry Finn's remedy for warts ? What bodily fluid the Romans used as a hair treatment And much, much more!

About the AuthorNoel Botham is chairman and founding member of the Useless Information Society. Botham and the rest of his team lurk mostly around London.
