Mystic's Way of Creative WritingBy Stella Carrier"There's No Business Like Soul Business" by Derek Rydall is a spiritually illuminating book about connecting spirit with the art of writing. He gives various humorous anecdotes on awakening the inner artist (including what he does to inspire his creativity). I admit that my favorite part of the book is chapter eleven, which includes helpful data on how to refine personal plans. Fun examples are given on how to tailor the goals towards a script-like formula. "There's No Business Like Soul Business" is good for those who prefer to read about creative writing from a spiritual perspective.1 of 1 people found the following review helpful. There's No Book Like This Book!By Mirl W. WytheUnlike all the other screenwriting books on my shelf, this one cuts right to the chase. It gets to the heart and soul of what it means to tell your story with integrity and purpose. Sure, there are writing tips and exercises galore, all of them helpful in tracking down the elusive muse. Above all, however, Derek delves into the essence of creative joy. He elucidates the mystery behind the process. He relates the importance of grounding one's work in the time-honored context of spiritual truth. The gist of his message: Tuning into the higher frequency of your Source, you have the power to manifest the destiny of your choice. Thanks, Derek, I needed to hear that!M.
