There is nothing new or refreshing here By PepThe only thing wrong is the contents of this useless book. There is nothing new or refreshing here. Your average grammar school student would know what's in this "all the facts" book. I'm sorry I

wasted my money and time. 1 of 1 people found the following review helpful. Great read! By HoneyBiscuit This book offers great insight on many of history's "facts" and, as a history buff, I gobbled it up in one sitting. Felt like a like it was over long before it should have been. Hope the author makes a sequel! 2 of 2 people found the following review helpful. Meh By William Terrano Awful short and not much that I didn't already know in this book, I was definitely underwhelmed by the content

They Got It Wrong: History exposes historical fallacies and explains how they came to be, as far back as the Roman Empire all the way up to World War II. They Got It Wrong: History exposes historical fallacies around the globe from the Roman Empire to World War II. There are countless twisted, sanitized tales that have become entrenched in popular belief but are really now more than warped reflections of the truth or flat out lies. Author Emma Marriot shines a light on these murky corners of history to separate out the facts from shadowy fictions and illuminate how and why these falsehoods got passed around as truths.

About the Author Emma Marriott is a freelance writer and editor. She has written two popular history books (I Used To Know That: World History) and edited a broad range of non-fiction titles for major UK publishers. She lives in the UK with her husband and three children.
