I've been doing these puzzles for quite some time now. Maybe this level is telling me I have reached my level of incompetence. Nevertheless, I'd

buy it again. It's challenging; causes you to think and analyze more deeply. 2 of 2 people found the following review helpful. You'd better be ready to wrestle with each puzzle. By ardel I have been doing Kakuro puzzles for years and consider myself proficient in the art. However, this puzzle book is impossible--at least for me. It is certainly not for someone new to this type of puzzle. Unless you are a true expert, you will find this far too frustrating.

Were giving you the THIRD DEGREE! Our first- and second-degree Martial Arts Kakuro books were so incredibly popular that we know people are eager for more! So here's the next level of challenge for fans of these addictive conundrums that feature little numbers throughout the grid. Solvers have to fill in the blanks with digits that add up to the little numbers. It's fun, and it stretches your mental muscles, too! Looking for something hard to test your smarts? These 150 puzzles will give experienced kakuro solvers a great mental workout.
